

## RED SQUARE DESIGN AND BUILD

Established London based interior design and build company Red Square has opened a new office in Tunbridge Wells.

Experts in transforming space, Red Square has created homes ranging from 700 to 10,000 sq ft and transformed external spaces from the size of a courtyard garden to a 7-acre country estate.

Red Square offers a complete service for the successful refurbishment of your home, from obtaining planning approval through to construction.

Because the same team handles the entire project, this means potential problems can literally be designed out before construction, saving both time and money.

They provide a fixed price before project commencement and clients benefit from a single point of contact throughout.

Contact them for further information and to arrange a free, no obligation consultation.

## BEAUTANICAL

Beautanical offers beautiful, luxurious, affordable gifts for home and garden.

The shop has innate style and sells handmade vintage items, alongside planted containers and jugs of cut flowers - they naturally have an eye for life's most beautiful things.

Tracey and Laura have a natural intuition and passion, having worked in horticulture and floristry for many years. Plus, they're holding flower school classes by the secret courtyard garden.

The shop is open from Thursday to Sunday during the summer.
